

CRMeXtension ClickOnce Add-On Installation Guide

Version 1.0.1 – Microsoft CRM 1.2 Compatible

July 1, 2006

www.CRMeXtension.com

Overview

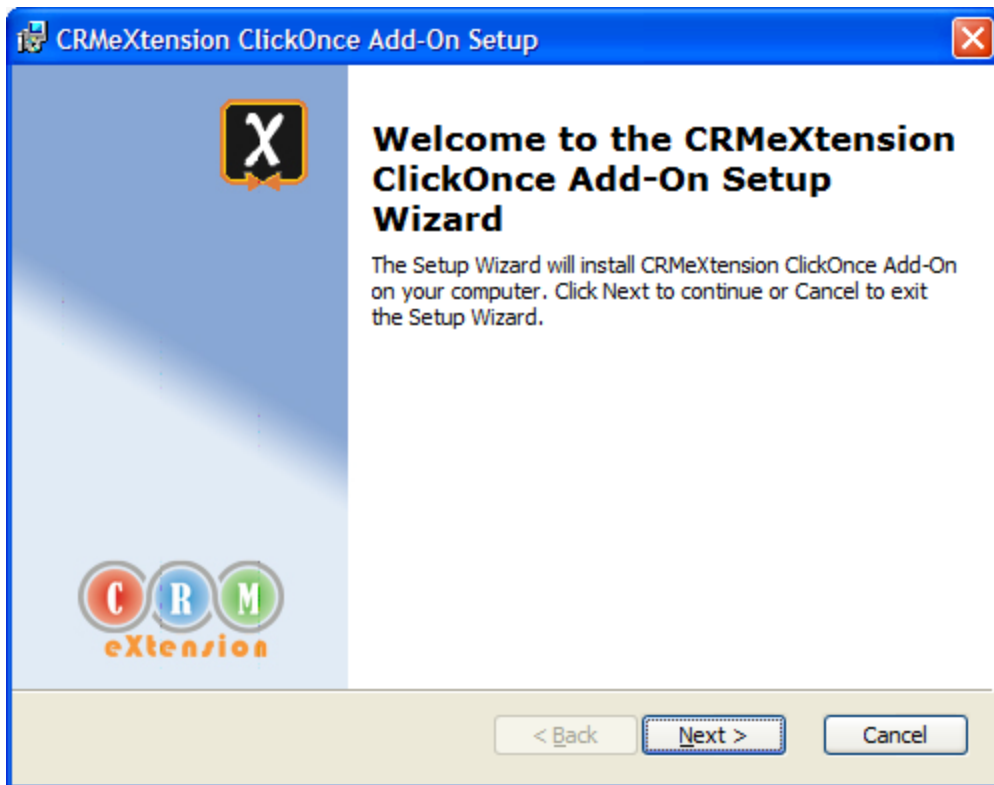

An installation application, CRMeXtension.AddOns.ClickOnce.msi has been created to simplify the setup of CRMeXtension ClickOnce Add-On. This document walks through the setup wizard screens. The installation application must be run on the CRM Server machine by a user with Domain Administrator privileges.

Microsoft CRM Compatibility

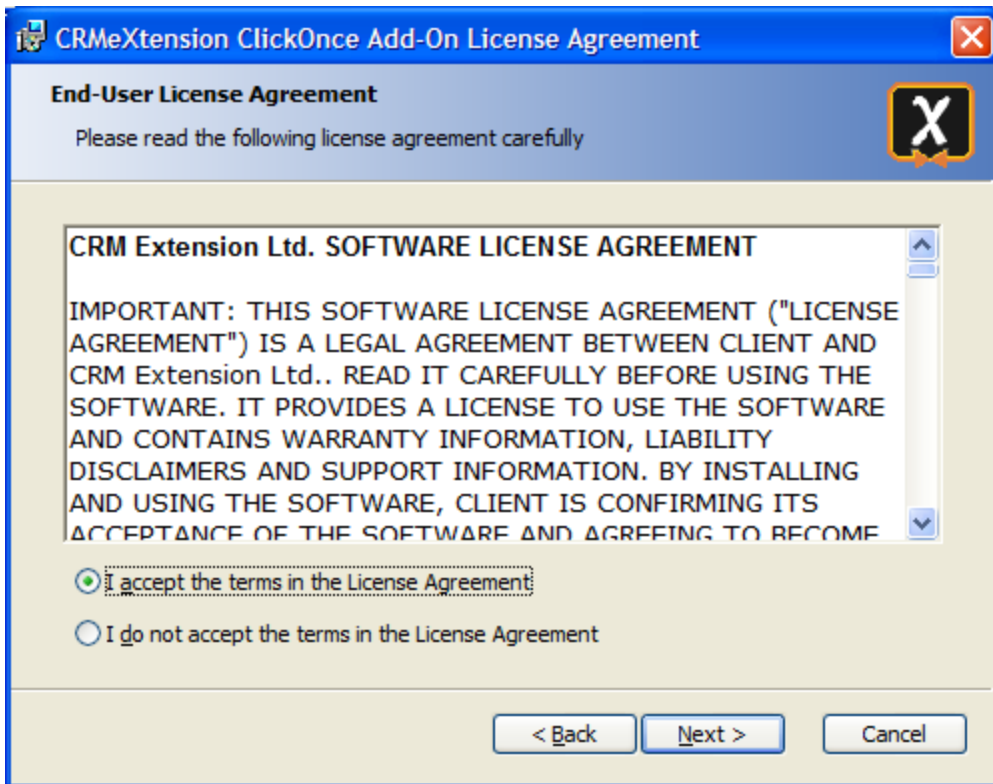

CRMeXtension ClickOnce Add-On version 1.0.1 is compatible with Microsoft CRM version 1.2.

Installation Instructions

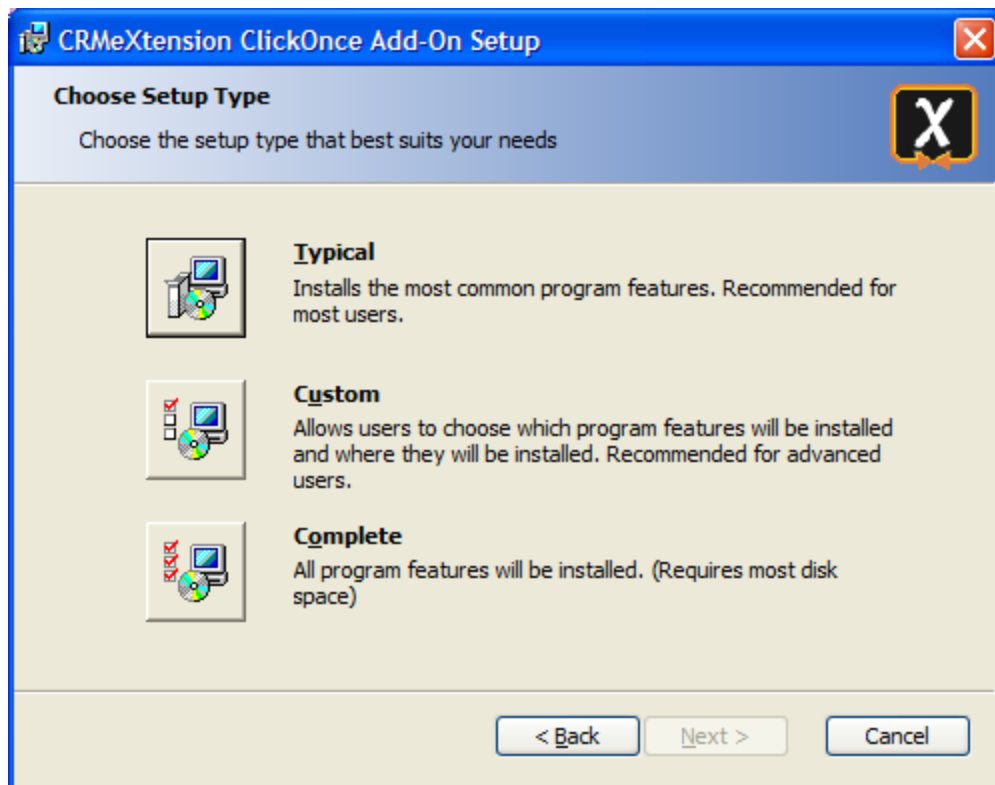

1. Extract the CRMeXtension.AddOns.ClickOnce.zip file into a folder on the Microsoft CRM server computer.
2. Double click the "CRMeXtension.AddOns.ClickOnce.msi" file.

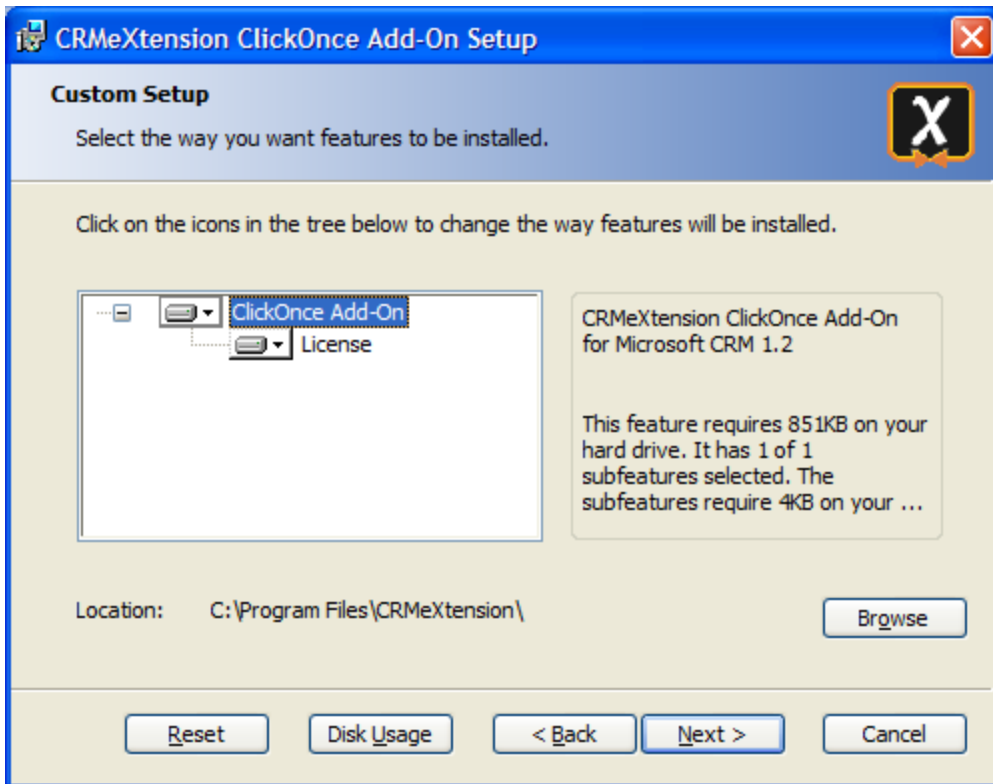

3. Click *Next* to begin the installation process.

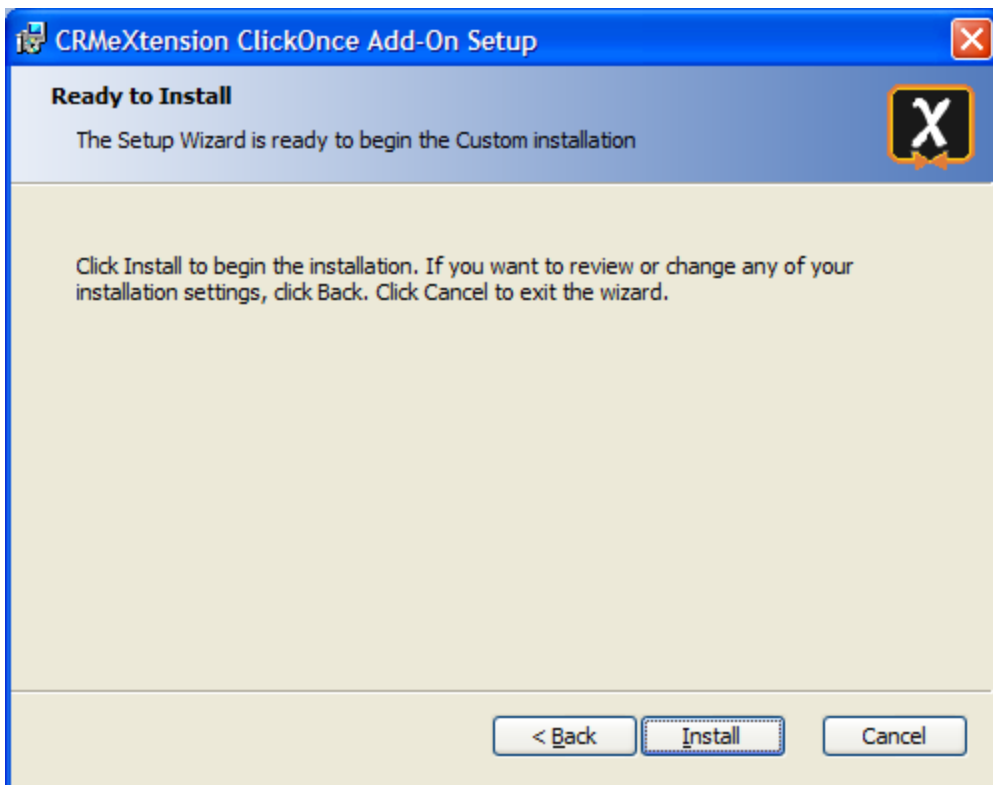

4. Read carefully the License Agreement, accept it and click *Next*.

5. Choose setup type.

6. Custom setup. (Please note that the installation path does not depend on the location of MS-CRM web.config file)

7. Click *Install* to complete the Setup Wizard.

Licensing

When you receive your license file, you will have to save it in the
<Installation Folder (C:\Program Files\CRMeXtension)>\Licenses" folder

Uninstall Instructions

Follow these steps to uninstall Privileges Add-On:

1. Open "Add or Remove Programs" from the Control Panel.
2. Select "CRMeXtension ClickOnce Add-On" from list of the currently installed programs.
3. Click *Remove*.
4. Select *Yes* to begin the Uninstall process.
